mid-tests , group discussions , behavior , participation of students in the College activities, attendance in the class as well as in the computer laboratory etc.. If any student is not satisfied with the internal marks given by the faculty he can apply to the HOD of that department and finally to the Principal. He gets reassessments and corresponding changes in mark sheet are done by the University.
- If a student is dissatisfied with the result given by the University, he/she can demand photo copy of his/her answer book by paying necessary fee. After getting a photo copy of his/her answer book it can be shown to the concerning teacher and get his opinion about increase or decrease of marks. If there is a hope of increasing marks then he/she can apply for reassessment. The answer book is assessed by another examiner. Second examiner's marks are considered as final. If there is a large discrepancy in the marks of first examiner and second examiner then the answer book is get assessed by the third examiner. And corresponding entries are made in his/her marksheet.
